

APEX CLUB OF BUKIT TIMAH REDHILL FOOD DISTRIBUTION FUND RAISING

Apex Club of Bukit Timah is a non-political and non-sectarian community service organization for young people between age of 18 to 45. We are involved in community projects such as weekly Redhill food distribution, annual children's camp/carnival and annual Institute of Mental Health Party. Our service projects serve to connect Apexians and volunteers with the less privileged in our community.

Since 1988, Apex Club of Bukit Timah had been providing food to needy old folks and families in need who are residing in rental housing around Redhill vicinity. From its initial number of 60, the number of recipients has now grown to over 280. We foresee that the number of beneficiaries would continue to grow as we move towards an ageing population under more challenging economic conditions.

RIISING COST

With rising cost of food and rising number of beneficiaries, we face an uphill task to continue maintaining our weekly commitment. As we do not receive any form of support and subsidy from government, the burden of ensuring a constant source of funding rests entirely on our shoulders.

While many kind sponsors have approached us over the years with generous support and donation, we cannot rest on our laurels. This year, we have a new plan for our fund raising; we hope the sale of teddy bears will enable us to reach out to many kind-hearted people for their generous support to help us continue with this worthy cause. All proceeds from the teddy bear sale would go towards funding the Redhill food distribution programme.

HOW YOU MAY HELP

We appeal to you to give generously as your kind donation will not only help the needy old folks and families in need to have one less worry about where their next meal is going to come from, it would help to lighten their financial burden under such trying times.
